

Second Term P.5 Dictation 2 (Penmanship)

Part A (Recite)

- *1. This doorstopper is made of wood. It is used for keeping the door open.
- *2. This towel hook is made of metal and plastic. It is used for hanging towels neatly.

Part B

1. Plastic bottles are more useful than you think - you can use them to make lights!
2. Scientists have developed an edible food packaging film.
3. It is made of milk proteins and it will let us keep food fresh.
4. It will come in different flavours and can even have vitamins in it.
5. Drones are becoming more popular these days.
6. Drones are used for shooting videos, delivering goods and many more things. But this drone is special - it saves lives! The body of the drone is made of wood. Once it has delivered the food, it can be used for making fires.

Part C

Verb Table, TB P.88 (give - steal) (3 minutes, 3marks@)
